

Section A

Multiple-choice and short answer questions worth a total of 40 marks

The best revision tool for students to use for revision of Section A of the examination is an internet based resource called Quizlet (www.quizlet.com).

The students are familiar with this resource and regularly use it to support classwork and homework. Every student has their own personal username and password in order to gain entry into their own account, of which the class teacher can view all activity taking place. The choice of activities range from flashcards, tests, and study games.

Quizlet can be accessed on your computer at home or in school and by using their free mobile apps for iOS and Android devices.

Section B

Questions based on the pre-released material

The scenario below has been discussed recently in class with the students and they are encouraged to familiarise themselves with the scenario so that they can anticipate what questions may be asked about the material in the forthcoming examination. The questions in the examination will be worth **a total of 20 marks**.

Scenario

Rachel is a popular 15-year-old girl who belongs to a 'sporty' family. She attends the local comprehensive school where she is a prefect and sports captain. Rachel is due to take GCSE Physical Education at the end of the school year. She is interested in sports technology and is a Young Ambassador.

Rachel enjoys sport and has represented the school and county at football, swimming and cross country. Rachel's cross country running helps her keep fit to play in the midfield for football and to take part in four swimming sessions a week. Outside of school, Rachel has been a member of a swimming club, where her mother is a coach, since she was six years old.

She has, with a group of friends, just become a member of a newly formed local football club, which is struggling to establish itself. She trains and competes regularly for both clubs. In her role as sports captain, Rachel helps to organise sports competitions for younger students in her school and assists the Physical Education Department with lunchtime activities.

If students or parents have any further questions please contact Mr Bishop (Sports Faculty).
