19th December 2017

Dear Parents/Carers,

Unbelievably, we have reached the final week of the term and the end of our topic, Dinosaur Planet! Thank you for all your support with your child's learning. We have had some amazing contributions from home, which the children have been really proud to share with their class.

Looking forward to next year, we will be starting our third topic, Rio de Vida! More details of this topic will be in the introduction letter after half term. In preparation for this, instead of Literacy and Numeracy homework in the final week, we are setting the children a half term project. We thought it would be interesting if you could make a hat or mask that would be fit for a carnival. It can be made from any materials you wish, but above all it should be sparkly and colourful! Ideally, your child should be able to wear them comfortably during our 'Wow' Day. This is a great opportunity for you to help your child to make their topic day special. Please bring in your creation during our first week back. It should not be more than 30 cm high, as then it may be chosen for our corridor display cabinets sometime in the future.

Children returning to school with three adult signatures in their reading record will receive a Disney Card, and six signatures will be rewarded with two Disney Cards.

If you have any questions please do not hesitate to ask, but in the meantime we wish you and your child a merry Christmas and a happy new year.

Yours sincerely,

Mrs L. Evans
